DevOps:	Git, GitHub, Docker, GitHub Actions (CI/CD), Linux, Postman
Domains:	FinTech, REST API Design, MVC Architecture, Payment Integration
Soft Skills:	Team Leadership, Analytical Thinking, Problem Solving, Quick Learner

Work Experience

Harifly Technologies Pvt. Ltd. <i>Senior Software Developer</i>	Sep 2025 – Present <i>Delhi, India</i>
- Led end-to-end development of FinTech platforms: Digital Wallets, AEPS, Cashfree UPI, and payment gateway integrations handling high-volume transactions. - Architected secure RESTful APIs using Node.js & Laravel with JWT auth and role-based access control (Admin, Distributor, Retailer). - Built real-time transaction processing systems with automated validation, logging, and reconciliation. - Developed responsive admin panels and customer dashboards using React.js and Tailwind CSS. - Improved API response time and system uptime through query optimization and caching strategies.	
Bhoomi Techzone Pvt. Ltd. <i>Software Developer</i>	Jan 2025 – Sep 2025 <i>Noida, India</i>
- Developed enterprise-grade applications using Laravel, Node.js, ASP.NET Core (C#), and SQL Server. - Designed and implemented RESTful APIs with secure OAuth2 / JWT authentication across multiple projects. - Led and mentored junior developers, ensuring timely sprint deliverables and code quality standards. - Deployed applications via Docker and GitHub Actions CI/CD pipelines to Linux servers.	
Bhoomi Techzone Pvt. Ltd. <i>Trainee Software Developer</i>	Aug 2024 – Dec 2024 <i>Noida, India</i>
- Built full-stack web apps using Laravel, Node.js, React.js, HTML/CSS/JS, and MySQL. - Integrated third-party APIs (payment gateways, SMS, maps) to extend platform functionality. - Implemented CI/CD pipelines using GitHub Actions and Docker for automated builds and deployments.	

Projects

FinTech Wallet & Payment Platform	Node.js, React.js, Tailwind CSS, MySQL
- Multi-module platform supporting Digital Wallets, AEPS, UPI, bank transfers with hierarchical role dashboards. - Live: sales.harifly.com	
DoctCare CRM	Laravel, MySQL, Bootstrap
Healthcare CRM with appointment management, patient records, and role-based admin access.	

- Live: crm.doctcareservices.com

SKG Enterprise — E-commerce Platform

React.js, Laravel, REST API, MySQL

- Full-stack e-commerce platform with product management, order processing, and optimized REST APIs.
- Live: skgenterprise.com
